Inspired by the 15th International Chopin Competition in Warsaw, the Thousand Oaks Philharmonic and the Music Teachers' Assn. of CA-Conejo Valley Branch announce **The Chopin Project II** celebrating the music of Frederic Chopin. The recital will feature various works by the composer, performed by the same pianists who appeared in the sold-out **Chopin Project I**: Ornella Ervin, Kyung Lee, Michael Preddy and Michael Williams.

Preceding the two recitals will be a panel discussion featuring Dr. Wojciech Kocyan, professor of piano at Loyola University and contestant in the 14th International Chopin Competition, Professor Francoise Regnat, professor of piano at CSUN, and Dr. Dmitry Rachmanov, newly installed chair of the keyboard area at CSUN. They will discuss the composer, his music, and current trends in performance. The discussion will be moderated by Edward Francis.
